Excluding the impact of the litigation gain in fiscal year 2004 and the discontinued operations in fiscal years 2004 and 2005, comparative earnings were \$14,705,000 or \$0.45 per diluted share in the first quarter ended May 31, 2004, versus \$12,265,000 or \$0.41 per diluted share for the first quarter ended May 31, 2003, an increase of 20 percent in comparative earnings. Gerald J. Rubin, Chairman, Chief Executive Officer and President, commenting on the Company's first quarter results, stated "I am pleased with our on-going operating results for the first quarter, and reaffirm our full year guidance of \$2.50 to \$2.70 for fiscal year 2005, ending February 28, 2005. These anticipated results project an increase of 29 to 39 percent in net income per diluted share from fiscal year 2004's earnings per diluted share of \$1.94. Full year sales are expected to be in the range of \$575 to \$600 million, compared to prior year sales of \$475 million, or an increase of 21 to 26 percent.

“Our sales leaders include retail personal care, professional and international products, as well as grooming, skin and hair care products. As of May 31, 2004, Helen of Troy’s balance sheet included cash of \$53 million and stockholders’ equity of \$368 million, an increase of \$64 million in stockholders’ equity from the comparable period last year. Accounts receivable at quarter-end was \$83 million. Inventory was reduced from \$126 million at May 31, 2003 to the current \$106 million, a decrease of 16 percent.

For the second quarter ending August 31, 2004, we expect overall sales to be in the range of \$135 million to \$140 million compared to last year’s second quarter sales of \$105 million, or an increase of 29 to 33 percent. Earnings per share for the second quarter are expected to be in the range of \$0.50 to \$0.55 per diluted share versus prior year earnings per share of \$0.42 per diluted share, an increase of 19 to 31 percent. All categories of our business are contributing to increases in both sales and profitability. Our new OXO International acquisition allows us to enter new and exciting markets through new and existing distribution channels. We look forward to yet another record year in sales and earnings,” Rubin concluded.
